WBid Personal Information and Privacy Policy

What Personal information do we capture?

When you create an account at WBidMaxApp.com we capture and securely store: first name, last name, gender, employee number, email address, cell phone number, cell carrier, and position.

What Events do we capture?

We capture the following events: when you download bid data and when you submit your bids. Additionally, if there is a problem with the app, we will collect information regarding the problem that is specifically related to the code causing the problem.

What Information do we capture with Events?

We capture the following information: date and time, your ipAddress, your base, the bid month, your position, the platform, the bid round, the app version, and the bid4employee.

If you're a flight attendant submitting buddy bids, we capture buddy bidder 1 employee number and buddy bidder 2 employee number.

WBidMax Information and Privacy Policy

Our Information and Privacy Policy is simple: We do not sell your information or divulge your personal information unless we are legally required to do so.
